AGENDA ITEM # 3

REALLOCATION OF MEASURE A REVENUES: CITY OF GALT

Action Requested: Approve

Key Staff: Mona Stephens, Senior Transportation Administrator

Recommendation

Approve the Measure A reallocation request for the City of Galt.

Discussion

The City of Galt has completed a review of its expenditure plans. As part of this process, agency staff reviewed its existing projects to determine if funds were available for reallocation. Through this review, the agency found several previously allocated Measure A projects which are complete or discontinued and which have unexpended balances. Galt would like to reallocate these funds to other Measure A projects in need of additional funding.

The attached schedule shows the projects Galt requests to reprogram. STA staff has reviewed these projects and recommends approval of the reallocation.
