AGENDA ITEM # 8

COOPERATIVE AGREEMENT WITH CALTRANS FOR CONSTRUCTION FSP DURING THE PIONEER BRIDGE CONSTRUCTION PROJECT

Action Requested: Authorize Executive Director

Key Staff: Jennifer Doll, Special Programs Manager

Recommendation

Authorize the Executive Director to execute a Cooperative Agreement with Caltrans for construction FSP for the Pioneer Bridge Resurfacing Project.

Discussion

Caltrans utilizes construction Freeway Service Patrol (FSP) during freeway projects to help mitigate potentially severe impacts on traffic flow and congestion resulting from the construction. Caltrans has requested construction FSP for its the Pioneer Bridge Resurfacing Project during a series of 55-hour lane closures planned during the month of August.

A Cooperative Agreement between STA and Caltrans allows Caltrans to make provision for construction FSP service through a current contract STA has with a local tow provider already in the SacMetro FSP program. The Agreement provides for the full reimbursement of costs to the STA for the special FSP service. Attached is a Cooperative Agreement from a previous project to serve as a sample for this project.

Staff requests authorization to execute a substantially-similar agreement for the current Pioneer Bridge Resurfacing Project, subject to STA legal counsel review and approval.
