

### **AGENDA**

Independent Taxpayer Oversight Committee (ITOC)

September 27, 2018 – 4:00 pm

700 H Street - Hearing Room 1 • Sacramento, California 95814

Voting Members: Joan Borucki, Chair

Robert Holderness

Beth Tincher

Ex-Officio Members: Joyce Renison (Sacramento County Auditor-Controller designee)

Terri Kletzman (Board Chair designee) Norman Hom - STA Executive Director

Staff: Tim Jones, STA

- 1. Call to order
- 2. Approve minutes from July 26, 2018 ITOC meeting
- 3. Review FY 2017-18 annual summary of Ongoing Measure A revenue and expenditures
- 4. Review June 30, 2018 Capital Status reports
- 5. Discuss updated performance standards
- 6. Discuss Contents for Pavement and Bridge Reporting Template
- 7. Summary of board discussion
- 8. Comments from the public

### Agenda Item #2

### **Meeting Minutes**

**To:** ITOC Committee Members

From: Tim Jones, ITOC Staff

**Date:** September 27, 2018

**Re:** July 26, 2018 ITOC Meeting Minutes

### Attendees:

Joan Borucki - Chair, Beth Tincher, Robert Holderness (alternate) - voting members

Joyce Renison, and Norman Hom – ex-officio members

Meeting called to order at 4:20 pm and adjourned at 5:20 pm

### Agenda Item #2

Reviewed and approved the June 28, 2018 meeting minutes. No comments.

### Agenda Item #3

• Jeff Jensen, audit partner, with Crowe Horwath walked the committee through the Audit Engagement Letter. The committee followed up with a few, non-substantive comments.

### Agenda Item #4

Jeff Jensen, audit partner, with Crowe Horwath walked the committee through a slide
presentation which identified the team members assigned to the Authority's audit. He also
summarized Crowe's services and deliverables. The remainder of the his presentation was
centered around the legal requirements his firm operates under and new accounting standards
such as GASB 75 requirements for Other Post Employment Benefit (OPEB) reporting required
beginning with our June 30, 2018 CAFR.

### Agenda Item #5

 The committee reviewed the existing performance standards consisting of the following documents:

- o Maintenance of Effort
- Planning and Programming
- Reporting
- Definitions of Eligible Expenditures
- As the ITOC prepares for its first performance audit, it has undertaken an effort to review and as needed, update the existing performance standards. After reviewing the Planning and Programming, Reporting, and Definitions of Eligible Expenditures standards, the committee agreed that the existing standards are satisfactory. However, the committee would like to completely revamp the Maintenance of Effort standards. It was agreed that the process would begin by meeting with the appropriate management/staff at each Measure A entity to discuss and propose appropriate standards. The Authority's Executive Director will arrange the meeting. Once completed, the ITOC will recommend the changes to the Board for their review and action as needed.

### Agenda Item #6

- Norman Hom, Executive Director, provided details about the recently initiated Neighborhood Shuttle Pilot Program. This program was created under Measure A with a promise of at least \$30 million in funding through 2039. Since 2009, the program has been allocated \$1 million per year; however, none of the money had been spent until recently. Currently, a pilot program is underway, but will sunset no later than January 2021.
- The program currently consists of 10 micro-transit routes serviced by Sacramento Regional
  Transit District and one route serviced by Paratransit. The number and locations of the routes
  may change over time as statistical data is gathered and the program matures.
- The total funding for the program through January 2021 is \$12 million. The money is advanced on a quarterly basis as a grant.
- Periodic reporting before the Board is required during the pilot program's term.

### Agenda Item #7

No comments.

### Agenda Item #8

- Terri Kletzman, a public member who is a potential Board Chair designee (ex-officio member) of the committee, observed the meeting. No other public members were present.
- Jeffrey Tardaguila observed the meeting and engaged the committee.

### Explanation of Activities this Quarter and Additional Notes

DROJECT INFO

- -Coordination continued with City of Sacramento on the air lease space leased property driveway design, and lighting for the bridge widening that include safety lighting for pedestrians, bus stops, parking, and aesthetic lighting for the Southside Park Viaduct "Bright Underbelly" mural.
- -Bridge, roadway and electrical design continued in this quarter.
- -Coordination continued with Union Pacific Rail Road and Sacramento Regional Transit to relocate the utility conflicts identified in this project.
- -Caltrans District 3 successfully competed and received State funding from the SB1 Gas/Diesel Tax programs under the Solutions for Congested Corridor Program for construction of this HOV Lanes project. California Transportation Commission programmed the funds for this project in May 2018. The HOV lanes project will go to construction in 2019/20 FY with the Rehabilitation project that has already been funded by State Highway Operation and Protection Program (SHOPP) in 2019/20 FY.

### Explanation of Activities this Quarter and Additional Notes

PROJECT INFO

Sacramento Area Council of Governments (SACOG) is currently funding the design and right-of-way work using the federal Congestion Mitigation and Air Quality (CMAQ) program. The design work was completed in last quarter. A funding request was approved by STA to advance \$30 million of the future funding to construct the HOV lanes at the same time as the I-5 Rehabilitation project which is funded by State Highway Operation and Protection Program (SHOPP). By combining these two projects, the overall cost to complete the HOV lanes would be reduced and the HOV lanes can be opened years earlier. Combining the projects will also reduce the waste of tax payer resources needed for administering two separate construction contracts with similar limits of work one after the other. This combination of projects will also reduce the public perception of being in construction for a long time and provide congestion relief as early as possible.

In addition to the Measure A Funds, Caltrans District 3 successfully competed and received State funds from the SB1 Gas/Diesel Tax programs under the Solutions for Congested Corridor Program. Measure A Funds are presented as the local match under this application.

This project was advertised this quarter and the bid opening is expected in August 2018.

Explanation of Activities this Quarter and Additional Notes

PROJECT INFO

**SVS LOOP:** \$509,000 Measure A POF funds matching state Prop 1A funds for final design have been transferred instead to the DNA ("Downtown/Natomas/Airport") Environmental Analysis component of the project. The Prop 1A funds are to be backfilled by City of Sacramento funds. SVS Loop construction completion date remains at 2022. No POF funds will be spent on SVS Loop construction.

**DOWNTOWN/NATOMAS/AIRPORT ENVIRONMENTAL ANALYSIS:** \$509,000 POF funds from SVS Loop added to this project component. Continued progress on completing a draft EIS/EIR, expected to be available for internal review late 2018 to early 2019. By summer of 2020, anticipating cooperating and participating agency and FTA review of ADEIS/EIR.
